SUMMARY

Frontend Developer with professional experience building modern, responsive, and scalable web applications using React.js, Next.js, JavaScript, Tailwind CSS, HTML, and CSS. Experienced in developing reusable UI components, integrating REST APIs, creating responsive layouts, improving website performance, and collaborating with backend developers. Passionate about writing clean code, creating beautiful user interfaces, and continuously learning new frontend technologies.

TECHNICAL SKILLS

Programming Languages: JavaScript, HTML5, CSS3

Frameworks: React.js, Next.js, Tailwind CSS, Bootstrap

Libraries & State: Redux Toolkit, Axios, React Hook Form, Context API

Platforms: Git, GitHub, Vercel, VS Code

Database: MongoDB

Others: Responsive Design, REST API Integration, Component Architecture, Performance Optimization

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science and Design

2022 – 2025

RR Institute of Modern Technology, Lucknow, Uttar Pradesh

Diploma - Electrical Engineering

2019 – 2022

Rameshwaram Institute of Technology and Management, Lucknow, Uttar Pradesh

EXPERIENCE

Frontend Developer (React.js & Next.js) | SG WebApp Techniques Pvt. Ltd

June 2025 – Present

Develop responsive and high-performance web applications using React.js, Next.js, and Tailwind CSS.

Build modular reusable UI components, admin dashboards, and integrate REST APIs using Axios and Fetch API.

Manage application state utilizing React Hooks and Context API while optimizing bundle sizes for speed.

Collaborate with backend developers to implement business logic, fix layout bugs, and optimize rendering.

Use Git and GitHub for version control, code reviews, and maintaining clean codebase branches.

PROJECTS

Notebook IAS | 🔗 <https://notebook-ias-web.vercel.app/>

An online learning platform built using React.js and Next.js featuring study plans, educational content, reusable UI components, and responsive design.

Tech Stack: React.js, Next.js, Tailwind CSS, JavaScript

Home Tuition | 🔗 <https://home-tuition-ecru.vercel.app/>

A home tuition platform built using React.js and Next.js to connect students with tutors, manage tuition sessions, and track study plans.

Tech Stack: React.js, Next.js, Tailwind CSS, JavaScript

Ulive Admin | 🔗 <https://ulive-admin-dashboard.vercel.app/auth/signin>

A responsive admin dashboard for user management, analytics, content management, and administrative workflows.

Tech Stack: React.js, Next.js, Tailwind CSS, JavaScript
